This document includes the instructions for your lightning talk as well as the schedule for the presentations.

Instructions

1. The slide link that you provided in your **Meeting Minutes #4** Gradescope assignment will be used for this presentation.

2. Each lightning talk will be strictly timed for a **maximum speaking time of 10 minutes**; any time in excess of this will result in points deducted.

3. Your lightning talk will be graded on the overall clarity and depth of your presentation.

4. Each group has been randomly assigned to a day and time of presentation; see below for your assignment. **However, every student is required to attend every session.**

5. Please note that we will also have a Q&A for these groups at the end of the day's session.
